(Under Review)

**POBALSCOIL ÍOSA**  
**MALAHIDE COMMUNITY SCHOOL**

**VISION**

Malahide Community School aspires to engage, inspire and enthuse learners.

We are a school that believes in creativity, critical thinking, communication and collaboration to develop an understanding of the world. We encourage lifelong learning to prepare the whole school community for change and innovation as 21st century citizens.

**Valued Relationships with Parents and Guardians**

**Protocol for Communications with Malahide Community School**

Malahide Community School continually seeks to build strong relationships with Parents and Guardians.

We value the fact that Parents and Guardians have entrusted their child / children into our care.

We view Parents and Guardians as true Partners in the education of their children and we strive to keep the channels of communication open at all times, in order to facilitate this.

With this in mind and in consultation with all of our Educational Partners - the Parents' Association, Staff, Students and the Board of Management - a Protocol for Communications with Parents and Guardians has been designed, for the education, welfare and safeguarding of all of our students.

This Protocol is outlined in the Flow Chart (See next page).

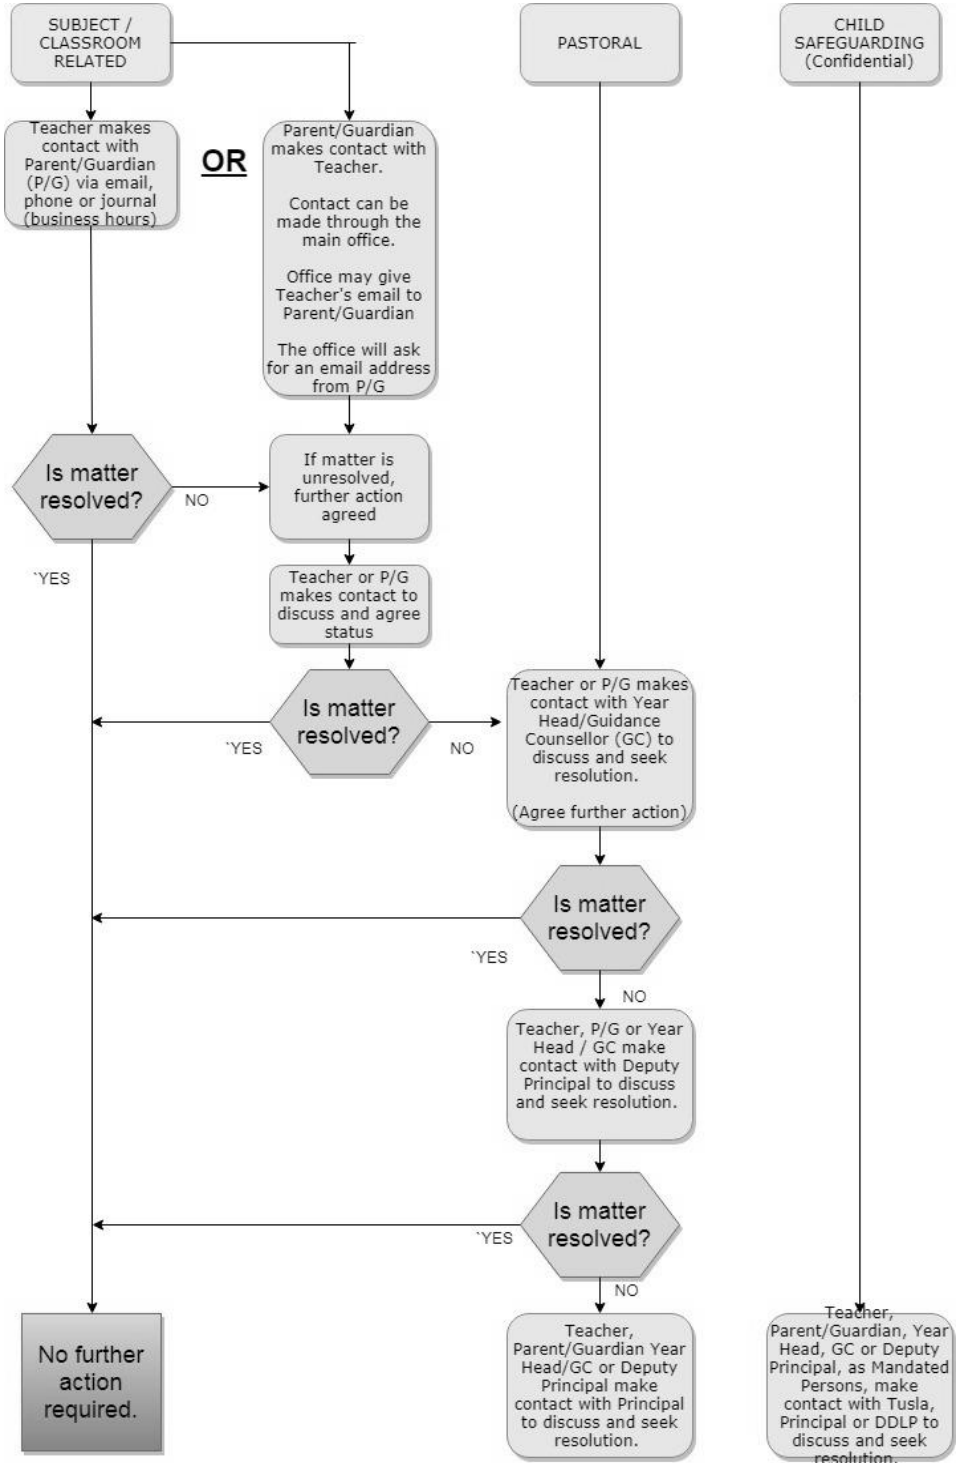

Please note:

- i. when dealing with a Pastoral Issue, contact can be made directly with a Year Head or a Guidance Counsellor
- ii. the term 'Parent' / 'Guardian' may also constitute a Student who is over 18 years of age and who wishes to conduct the Communication Process themselves

We invite Parents, Guardians, Teachers and Students over 18 years of age to follow this Protocol, so that, together, we can provide the most positive and equitable educational experience for all of our Students.

**Ratified by the Board of Management:** 31<sup>st</sup> January, 2018

# PROTOCOL FLOWCHART

## MALAHIDE COMMUNITY SCHOOL'S CODE OF BEHAVIOUR

Teachers, students and Parents/Guardians have rights and responsibilities and it is integral to the ethos of the school as a caring community that mutual respect and tolerance should characterise all relationships in our school. Effective learning depends on an orderly atmosphere in which students find encouragement to learn and have appropriate learning targets set for them. It is important that the learning environment of students encourages intellectual and emotional exploration so that they can develop their potential to become responsible self-actualising young adults. A good relationship between teachers and students makes it easier and more enjoyable for teachers to teach and for students to learn. As a school, we aim to promote a genuine interest in learning and we endeavour to create a positive learning environment, in line with our Mission Statement and School Vision.

### Roles and Responsibilities

Malahide Community School acknowledges the contribution of all members of our school community. It is everyone's responsibility to promote good behaviour and minimise negative behaviour. For 'Parent', please read 'Parent/Guardian'.

- DLP and DDLP

Malahide Community School has officially adopted the DES Child Protection Procedures, December, 2017. **The school has completed a Child Safeguarding Risk Assessment and has a Child Safeguarding Statement in place. These were reviewed by the BOM in September 2021.** The Designated Liaison Person (DLP) is Mr. David Hayes, Principal. The Deputy Designated Liaison Person (DDLP) is Ms. Jean-Marie Ward, Deputy Principal.

- Students

Students are expected to uphold our Code of Behaviour and our School Rules at all times.

- Parents/Guardians

The central role of Parents/Guardians in the development and implementation of the code of behaviour is acknowledged. All Parents are asked to sign that they have agreed with the Code before sending their son/daughter to our school and to further support the school by signing the Code in the school journal / on the App each year.

- Staff

The teaching staff play an essential role in the successful operation of our code. The important role played by the teaching and non-teaching staff particularly in relation to encouraging positive behaviour and reporting incidents of misbehaviour is also acknowledged.

- The Board of Management

All policies are developed with the authority of the Board of Management. The school acknowledges the role of the Board as the decision making body and its contribution to the Code of Behaviour. While individual members of the Board are not responsible for the day to day running of the school, the Board is the body to whom Parents/Guardians and students over the age of 18 may appeal, in writing, in cases of suspension or exclusion.

### Setting Standards

In general, we aim to encourage our students to develop a sense of responsibility for themselves and towards others. This should be reflected in their attitude to work and to their behaviour in school. We expect students to conduct themselves with respect for the worth, self-esteem and reputation of others. Students should behave at all times in a manner appropriate to the ethos and inclusivity of our school. They are expected to be positive and cooperative in their dealings with members of the school community.

Our school respects, values and accommodates diversity across all nine grounds named in the Equal Status Act: gender, marital status, family status, sexual orientation, religion, age, disability, race and membership of the Traveller community.

Anyone who studies in, works for or visits our school should be dealt with in a courteous manner. We aspire to work with Parents/Guardians at all times to achieve these standards. We ask Parents/Guardians for your help and support in promoting mutual respect in our school and our community. With this in mind, we ask Parents/Guardians to be respectful at all times in their dealings with Management, Teachers and with all of the members of the school community. We believe that promoting respect among all stakeholders is essential for the Wellbeing of all concerned. This in turn will help develop a school community where learning and teaching will flourish and where your son/daughter will be placed at the heart of the curriculum.

### **Supporting the Code of Behaviour in our school**

This Code mirrors our ethos which supports positive behaviour in the following ways:

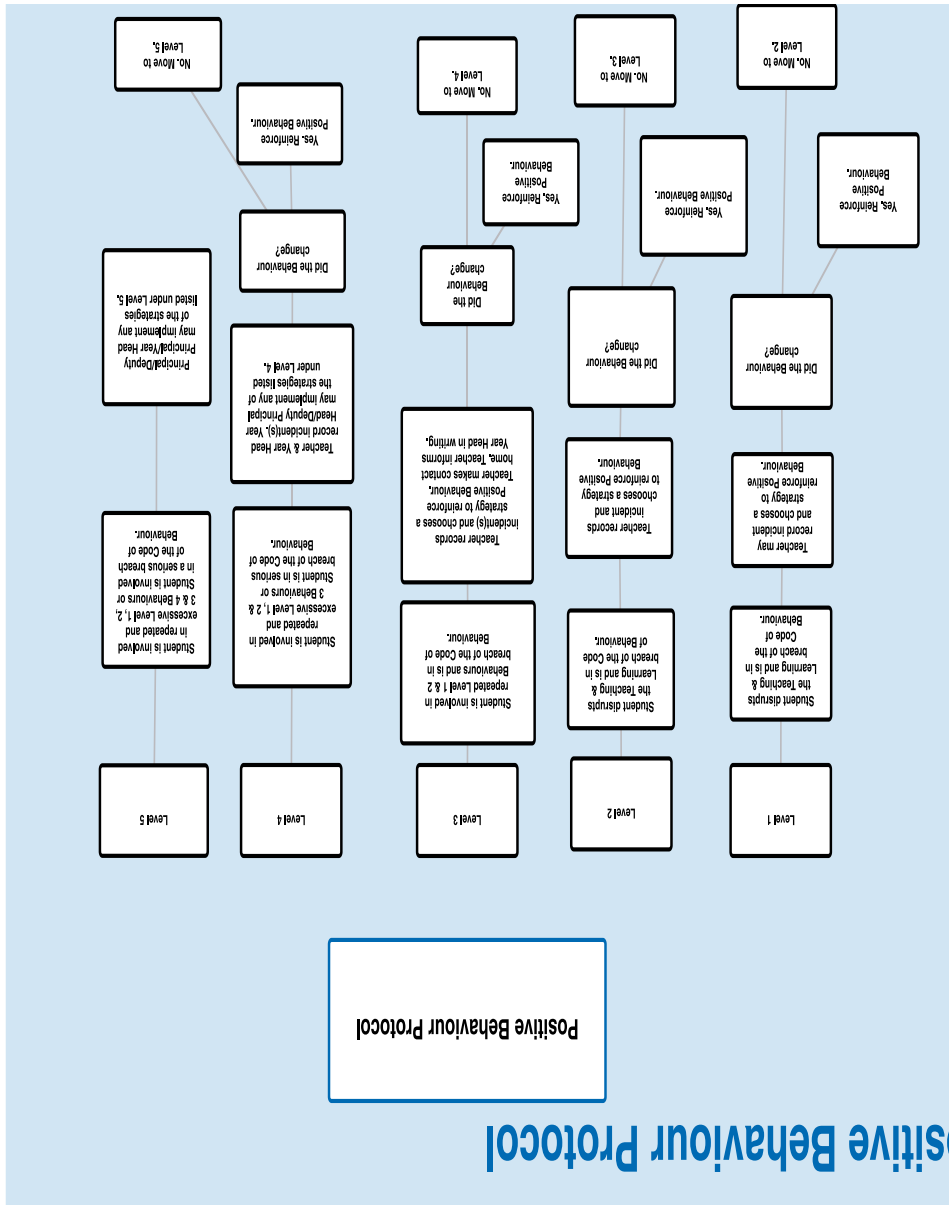

- We make the student the focus of school life through our wide and varied curriculum, which includes: sampling in 1st year; open choice of optional subjects in 1st and 5th years; Transition Year, as well as the traditional Leaving Certificate.
- In classes and programmes such as SPHE, CSPE and RSE which deal directly with the Wellbeing of the student, we encourage respect, tolerance, a sense of fairness and an understanding of the principles of natural justice.
- Through the collaboration of the Parents and the whole school community we endeavour to create a positive climate of learning, respect and cooperation which encourages and challenges students to take responsibility for their own learning.
- There is a whole-school response to the academic, social and spiritual needs of our students. They are supported by the teachers, Tutors, Year Heads, Guidance Counsellors, Chaplain, and the Student Support team.
- Students are involved in the democratic process of the school through the Student Council and the Prefect System.

## Positive Behaviour Protocol

Malahide Community School's Code of Behaviour supports the school community to work together to encourage good conduct and to create an atmosphere which is conducive to teaching and learning. We believe by setting our expectations for the behaviour and co-operation of each member of the school community, that this will, in turn, provide the clarity needed to continue to establish this school as a centre for teaching and learning. With this in mind, and in consultation with our Educational Partners, a protocol for responding to behaviour that interrupts, diminishes or prevents teaching and learning has been designed. - to ensure safety
- to create an orderly atmosphere (in which students can benefit from their learning experiences) which supports teaching and learning

**Please note that persistent and repeated occurrence of minor offences could lead to those offences being considered as a major offence and may be treated as such in terms of strategies and/or sanctions.**

**Please note that CCTV cameras are placed strategically around the school for the safety and security of students and staff**

## **SCHOOL RULES**

The rules have been divided into the following categories:

<b>Respect for Self and Others</b>	<b>Attendance and Punctuality</b>
<b>School Uniform and General Dress</b>	<b>Safety</b>

Students are responsible - i.e. answerable to school authorities - both for their own safety and for the safety of others. Please refer to our school Health and Safety policy. - Extra schoolwork.
- Discussing the student's behaviour with the tutor.
- School community tasks such as picking up litter, cleaning graffiti off desks etc.
- Detention on a Wednesday or at the end of a school day. Students are given at least one day's notice of detention. The fact that it may be inconvenient to do detention on a particular day will not excuse a student from this punishment. Should a student fail to turn up to Detention, he/she may be required to do a double detention and/or parents may be required to call in person to the school before that student is readmitted to class.

- **Notes to parents:** All students must have a homework journal which may be requested by teachers in order to write notes to parents. All notes must be acknowledged.
- **Referrals** to Year Head, Deputy Principal or Principal as appropriate.

## **SANCTIONS**

**Breaches of the Code of Behaviour will require investigation by members of school staff. During the course of these investigations, students may be interviewed by a member(s) of school staff.**

**Depending on the seriousness of the behaviour the school uses the following sanctions to deal with serious misbehaviour and breaches of rules:**

- **Progress Report:** in the case of students whose work is unsatisfactory
- **On Report:** where a student's behaviour and/or academic work is closely monitored until an improvement is achieved.

**Note that the distinction between a Progress Report and an On Report is that the latter implies that a student's misbehaviour accounts for being put on such a report. The Progress Report implies unsatisfactory academic progress.**

1. Parents may be contacted to discuss the progress/behaviour of their children.
2. Students may be required to sign contracts of behaviour (countersigned by parents/guardians). Failure to honour such contracts may result in suspension.
3. **Suspension:** In the case of a serious breach of school rules, persistent misbehaviour, bullying or serious aggression/threat against any member of the school community, a student may be liable to suspension, pending an investigation. The authority to suspend has been delegated by the Board of Management to the Principal or, in his absence, to the Deputy Principals.
4. In keeping with the NEWB Guidelines, 2008, Parents/Guardians are contacted to discuss the incident/allegation, and to give a response, before a final decision is made on a sanction. Parents/Guardians have the right to appeal a suspension to the Principal, in the first instance, and/or to the Board of Management.
5. **Permanent Exclusion:** In extreme cases where a student is putting the health, safety, welfare and Wellbeing of students or staff at risk or persistently preventing other students from learning, it may be necessary to permanently exclude the student from the school. Exclusion procedures as outlined in the NEWB Guidelines will be implemented.

In many cases outside agencies would be involved in the decision. These agencies might include National Educational Psychological Service (NEPS) through the School Psychologist; Social Workers from the HSE or Child Guidance Clinics; the Gardaí, through the Juvenile Liaison Officer; National Educational Welfare Board (NEWB) through the local Educational Welfare Officer; or Psychiatrists, etc. Parents have the right to appeal against permanent exclusions and suspensions of more than an accumulated 20 days under section 29 of the Education Act, 1998 and the Education (Welfare) Act, 2000.

## **PE Participation**

In order to address the growing concern over the fitness levels of adolescents we require that all our students bring suitable gear in order to fully participate in their PE classes/Sports modules throughout the year.

**PE uniform (available to purchase in school in September) is required for all students from 1<sup>st</sup> to 6<sup>th</sup> Year.**

## SCHOOL POLICY ON BULLYING

All students of Malahide Community School have a right to enjoy a safe and happy learning environment. For this reason bullying in our school is totally unacceptable and will not be tolerated.

**For the full updated policy please see the 'Policies' section of the school website; [www.malahidecs.ie](http://www.malahidecs.ie).**

Bullying may be defined as repeated verbal, physical or psychological aggression conducted by an individual or group against others. More simply it may be described as any behaviour which takes the dignity away from another person. Repeated name calling or 'slagging' is a very common form of bullying. Another example would be deliberate isolation of another student.

### **Online / Cyberbullying**

Online / Cyberbullying can be an extension of face-to-face bullying, with technology providing bullies with another route to annoy their target. However, it differs in several significant ways from other kinds of bullying - the invasion of home and personal space; the difficulty in controlling electronically circulated messages; the size of the audience; the false idea that the Internet is an anonymous space; and even the profile of the person doing the bullying and their target.

Cyberbullying, like all bullying, should be taken very seriously.

There are steps you can take to protect yourself:

- 1. Always respect others:** Remember that when you send a message to someone, you cannot see the impact that your words or images may have on the other person. That is why it is important to always show respect to people and be careful what you say online or what images you send.
- 2. Don't retaliate or reply:** Replying to bullying messages, particularly in anger, is just what the bully wants.
- 3. Think before you send:** If you receive a rude or nasty message or picture about someone else, do not forward it. You could be assisting a bully and even be accused of cyberbullying yourself. It is important to think before you send any images or text about yourself or someone else by email or mobile phone, or before you post information on a website. Remember that what you send can be made public very quickly and could stay online forever. Do you really want your teacher or future employer to see that photo?
- 4. Save the evidence:** Learn how to keep records of offending messages, pictures or online conversations. These will help you show to others what is happening and can be used by the school, internet service provider, mobile phone company, or even the police to investigate the cyberbullying.
- 5. Block the Bully:** Most responsible websites and services allow you to block or report someone who is behaving badly.
- 6. Make sure you tell:** You have a right not to be harassed and bullied online. There are people that can help. Tell your school. Your teachers or tutor can support you. Tell a parent or an adult you trust. Tell the provider of the service you have been bullied on (e.g. your mobile-phone operator or social-network provider).
- 7. Finally, don't just stand there.** If you see cyberbullying going on, support the victim and report the bullying. How would you feel if no one stood up for you?
- 8. Treat your password like your big secret.** Don't let anyone know your passwords. It is a good idea to change them on a regular basis. Choosing hard-to-guess passwords with symbols or numbers will help stop people hacking into your account and pretending to be you. Remember to only give your mobile number or personal website address to trusted friends.

### **ICT Acceptable Usage Policy (AUP) & iPad and eBooks Code of Behaviour**

#### ICT Acceptable Usage Policy (AUP)

The role of *Information and Communications Technology systems* (ICTS) in MCS is to support and promote learning. The use of ICTS is a school resource and its use is considered as a privilege not a right. ICTS cover a wide range of resources and technologies; including; web-based and mobile learning. Whilst exciting and beneficial both in and out of the context of education, many ICTS, in particular web-based resources, are not consistently policed.
